Course description

Description of the course

This webinar explores how universities can integrate gender equality as a core institutional value. It focuses on inclusive approaches to curriculum design, teaching practices, and assessment methods. Participants will also examine strategies for identifying and deconstructing gender bias across academic disciplines and professional contexts

Learning objectives / expected outcomes

1. Integrate gender equality as a core value in university teaching and institutional culture.
2. Apply inclusive approaches to curriculum design, pedagogy, and assessment.
3. Identify, challenge, and deconstruct gender bias in academic and professional contexts.

Prerequisites

Minimum level of English of B2 (CEFR)

Topics and themes covered

Gender
Identities
Inclusion
